Subject: materials RE: Pre-Brief on 404 Assumption

Hello, all – For this pre-brief tomorrow, please find attached two documents we'll use:

- 1) RA briefing paper WPD send forward last Friday
- 2) Gantt chart of the condensed (maximum efficiency) version of our statutory review schedule once we receive an assumption request package

* Please know that the timing depicted in the Gantt chart relied upon Florida initiating a given component of rulemaking last Friday. They have not yet initiated that rulemaking component.

On the RA briefing paper, #4 under context highlights current key issues. I'll walk through these and the path forward on each of them, and also review Florida's rulemaking schedule and constraints that lead up to Florida's request package submission, which kicks off EPA's review process. (Tom recommended that unless you have a different preference, Jeaneanne, I take point on walking through these.)
